PROSPECTUS BOOK

INTRODUCTION

Dear Parents and Students,

*You are welcome in **Don Bosco Secondary School (DBSS)**. We are sure there will be a fruitful collaboration between You, the Educational Staff and the Salesians.*

We want to characterize ourselves for a family spirit of education aiming at the global growth of our pupils.

We want that all persons living here find, at the same time, a House that welcomes, a School that prepares for life, a Church to relate with God and an enjoyable environment to grow in confidence.

The good facilities, the well equipped workshops and laboratories, the happy atmosphere will help the pupils to leave the School with a high level of confidence in their own abilities.

Here, in this Prospectus, You will find useful news about the aims, the regulations, the School contents and organization, the Boarding School and the requirements for the entry.

You are requested to go through it before to register and move into our School.

We are ready to accept your suggestion and contribution for the success of the students and for the benefit of a greater Nigeria.
